

Dear Community Helpers,

11/5/05

What a great turn-out we had for the 3<sup>rd</sup> annual Cedar Creek Haunted Hollow! With well over 450 people that passed through our gates, this year's event proved to be the biggest of all. We want to continue to provide fun activities and events for our terrific community and we couldn't do it without your generous support.

Some of our local businesses came through in flying colors, **Cedar Creek Inn, Dawn and Rich Giles** as well as **Linda Duff** donated food and their time, **Uncle Earnies** donated food and gas, and **Subway** of Louisville donated paper goods. Many families gave time and energy such as the **Anderson family** that created the House of Terror. They donated several hours and a whole lot of muscle to make this project a true success. What a great addition to the Haunted Hollow!

We had other community helpers such as **Liz and Gene Stauffer** who made props, helped with various projects in the Hollow, and again year after year they return and work tirelessly to provide a great night for the community. **Doug and Susan Couron** also helped to make it successful by running errands, working the gate, and picking up a hammer. The **Goecke family** painted pumpkins, worked in the Hollow, and the whole family got involved. **Russ Sladky** provided his electrician skills to assist in getting power that was needed in the Hollow.

The night would not have been complete without **Brandon Steppett** donating his hayrack and time to pull the many spooks and goblins around the lake. Even our **Mayor Gwen Bode** got involved by dressing up as a goblin as well as donating funds. **Don Newton** was also there to provide an extra hand. **Carol Sautter** donated decorations for the event. **Paul Welte** donated props for the hollow. We were also able to have **Bobbi Fuxa** return as our storytelling witch, the children love her tales. **Denny and Janice Barnes** from Louisville provided hay bales for the kids to sit on while Bobbi read Halloween Stories. We would also like to thank the **Rydl** and **Little family** that spent hours planning, working, organizing the event, and donating various items to make it an awesome evening. Last but not least many of our **local youth** played ghosts and goblins in the event. We can't thank you all enough!

We need to continue making Cedar Creek a wonderful community to live in and with people such as you it will continue to prosper and thrive. With the funds that were secured from this project we hope to make additions and improvements to our park. As a committee, ideas and thoughts will be discussed as how to use the funds appropriately to best fit the needs of our community. Any suggestions that you may have are welcomed. Again, we appreciate your support and look forward to a bigger and better Haunted Hollow next year.

Thank you for all you do,  
Cedar Creek Haunted Hollow Committee
